## Winter 2018 Extended Day Activities

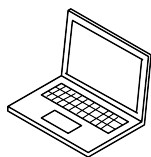

Monday, January 8<sup>th</sup> – Thursday, April 5<sup>th</sup>

We offer a great variety of after school activities to Morningside Academy students! **Please review the extended day options below for Monday, January 8<sup>th</sup> through Thursday, April 5<sup>th</sup>. You'll find the program details in the chart on the following page.** Please note that there are not extended day classes during Professional Development days and school closures.

To enroll, circle the activity you would like to participate in and send your check to the front desk with this completed form. **Payment is required to reserve your space.** All students who have not yet paid or who sign up after the enrollment maximum has been reached will be placed on a waiting list. If you are in need of a financial assistance, please email Aine at [aine@morningsideacademy.org](mailto:aine@morningsideacademy.org).

**For all after school activities, we ask that students remember to pack a snack!**

### Monday – Creative Computing

Morningside welcomes back Computing Kids for “Creative Computing with Scratch 202.” Students will follow their interests and use their foundational skills to create more sophisticated projects and games. They will be introduced to a variety of advanced gaming and animation techniques and provide individualized support as they take on new challenges like modeling with mathematical equations and Boolean logic. Students will have the opportunity to learn and implement gravity and scrolling backgrounds to build platformer games similar to Super Mario Bros. Students are not required to have taken Scratch 101 with us this fall, but they should know the basics of the Scratch program.

### Tuesday – Board Games

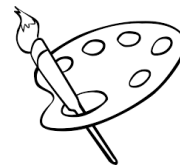

End your school day with a relaxing hour of board games! Students will join our Wushu instructor Rusty (“Sifu”) to explore a wide variety of table games, from classics to the newest that we saw at our Family Game Night this fall! Students will be encouraged to learn new games each week and explore new challenges. This is a great time to develop teamwork, good sportsmanship, and positive interactions with other students.

### Wednesday – Project Element

Colorado-based Project Element is for aspiring musicians of all levels and requires a student to be motivated and able to work independently. We will use software like GarageBand to create digital songs and, depending on interest level and skill, record vocals and traditional instruments. We will also devote time to studying songwriters and their lyrics and to write lyrics of our own. Students will be able to take home their own compositions to share with friends and family and will learn the truth: Alan is a rock star.

### Thursday – Arts & Crafts

**We apologize, our winter Arts & Crafts class is full! Please email Aine if you would like to be added to the wait list.** *Have fun exploring a mixed media approach to drawing, painting, and sculpting. Students will develop their art-making skills and explore personal areas of creative interest. This is a Morningside tradition and favorite!*
