Summer School 2018

"Teaching is adjusted until the student is successful. No one falls through the cracks. Practicing skills until they are fluent may be the most important part of what we do. Speed and accuracy together is what 'fluency' is all about."

Assessment & Placement

Each student who enrolls will come for placement testing prior to the summer program. With this plan, instructional time will not be taken up with testing. Based on assessment results, students will be enrolled in courses that best address their academic deficits. If the student does not attend a placement assessment session, testing will occur on the first day of school.
